“ I see his family used the picture of our father Gabriel as a child (that we made a copy of for him) from our Milwaukee family album. Glad we had something to offer - as we had so little else as he left when we all were quite young - to start his new life/wife before even divorcing our mom. Apparently that picture did mean something to him as it came from us...not just that it was a picture of himself.

“ Well I see we forgot about the children he left in Milwaukee, Wis. which are, Marguerite Reyes, Gabriel Reyes, George Reyes ,and Alice Reyes (Herriges). I think Julia Reyes is already mentioned..... He was married to my mother Alice G Reyes who died in 1973. He never remembered us in life why should he in death.

Marguertite Reyes - July 01, 2017 at 02:09 PM

Marguerite yes he did i had very little courage to walk into his office but i did. We never really went in there. That was mainly his alone time room. I went in there and saw many pictures of you guy's and not put away they were all out in the open. Im very positive that he thought of you guys alot just he just never could figure out away to show it. He told me that he was very sorry and that he felt like he had failed us all he never had love from a father growing up. It was tuff for him. Please dont hate him he told me alot of ugly things and i did the same to him so please for give him for all the ugly things he has done to you. He was still are dad no matter what. I love all of yall very much and i miss yall very much. That memory of me going out there and being with everyone and our dad means a whole lot to me.
