“ I remember when little Geoffrey came to Kansas when his grandparents, Isaac and Paula Shaffer were raising Geoffrey and Katlyn. He was enjoyable to be around and very well mannered. Little Geoffrey was cheated of his childhood and his teenage years. It would've been awesome to see what he could of done with his own life as an adult man when he had control. He will forever be missed Geoffrey forever 17!

“ Geoffrey's heart was made of pure gold. Once Geoffrey had his mind set on something, he wasn't going to stop until he fulfilled it. I will cherish every memory that I have helping and guiding him on his educational goals. Working with Geoffrey was such an enjoyable part of my day, getting to explore potential pathways for his future. I watched Geoffrey grow into a fine young man in the year that we worked together. I got to see the solar eclipse with Geoffrey on the day we enrolled into SA Leadership. I watched his face light up as he enjoyed the event. Having his energy at that time made the entire experience so special. I will forever hold your memory close. You will forever be greatly missed. Thank you for everything.
