“ Garcia family, I never got to thank you for attending my graduation from Air Force basic training all those years ago. My family wasn't able to be there, but you were, and it meant so much to me. I want you to know that, and that I am so sorry for your loss. I remember the friendship between our families as some of my earliest memories. God bless you and your families.

“ I'm sorry for your loss. I meet Mr. Garcia as a young man. I had to see him every month. I was a trouble maker. He got me to join the military. He told me he did not care what branch of service just as long as I joined. HE wanted four years military service for me. Because of him I retired from the Army after 27 years. Without his wisdom and direct approach and scaring me about life in prison. I turned my life around and I have him to thank for that. He was a great man and will be missed by all he touched. Thank you George for setting me straight.
