“ *Mr Sanchez will be dearly missed and forever a part of my memories, as a child, teenager, young adult, and mother. I remember never having to worry about my own daughter crossing the street of our busy intersection after school because I knew you would be right there waiting for your own grandchildren. You brought a sense of comfort and security to my family living as neighbors nearly my entire life. Together with Mrs Sanchez your love and stability for your family and friends is commendable in this ever changing world. I will miss seeing you across the street and hearing about your next adventure with your family, like the beach trips you took and train ride with Delaine etc. Please look down upon us with kindness and pray for your neighbors safety as our guardian angel. We love and miss you! Thank you for being a part of our life story* ❤️🙏😊
