“ *Me and my family have been neighbors to the the Herrera family for years! The saying it takes a village to care for a child is absolutley true. Gloria would care for me and my brother as children and she was always very loving and caring to us. She will truly be missed but is in heaven now with Chacho* ❤️

“ *My grandma gloria was one of the most important women in my life. I have so many memories that come to mind, one in particular we went and bought a radio and the cd of mambo #5 (it was one of her favorite songs) we had the it on so loud im sure the whole neighborhood heard. But we just danced and she had the biggest smile. We did so many things together its was always fun especially shopping and trips to California. I love you Gloria i hope your still dancing in the sky.*

“ *I remember going over to her house and sitting on the porch outside surrounded by family. She would always tell me that my cheeks looked like they had eggs in them. She also liked squeezing her grandchildren's earlobes. I have many fond memories of my Grandma Gloria. She will be greatly missed. We love you.*
