“ *Family and friends 🙏
Our collective hearts are heavy with sympathy.
please know we are sharing in your grief. But also in the celebration
of Gussie's life.
Trust that we all shall meet again in our father's house on day.
But let us remember a good heart has stopped beating, but a heart
that has touched so many lives can't help but live on in those it
loved. Those we love don't go away; they walk beside us in our
hearts and memories.*

*Gussie thinking of you and your family in these days ahead 💔
Rest in Peace Cuz 🙏*

“ Gussy I wish I could of seen u one more time. My sweet gentle cousin we will miss u deeply. You were just the nicest most kindest person. When I think of uou I see uou on a horse smiling, riding , helping aunt Minnie and fay or helping the rest of us learn how to ride you were so good at it. Uou always offered help to the family and uou were the last to leave to make sure the whatever had to be done was completed. You enjoyed being around the family laughing and joining in but you were never loud or or full of ego u never had a mean thing to say about anyone u were just a joy, so good and fun to be around. So many memories of spurs games and bbq's, dallas games, super bowl at uour parents and new years eve at aunt Minnie's with you and liz's family next door. Growing up u and Cindy were as much of the trevino clan as we were Chavez almost always together on holidays and vacations to the coast and to river camp outs. Gussy we love you. We were so happy for u when Liz and Jesse came into uour life and you had a son. We were glad u moved next door to aunt Minnie helping with the horses and other animals. You helped each other and were more than just family u were friends you were neighbors. You had a quite helpful way about you and i wish i would of told how highly i thought of u. I can hear your voice, see uou laughing and smiling. you were hard working, a good son, loving father and definetly in your own calm easy going way one of the finest

“ I didn't get to know Gustavo very much but I got to know his son. Joel and I were part of a film crew and we used to shoot a lot of short films at Gustavo's house. During a time in my life when it felt like nobody cared about what we were doing Gustavo did. He would talk to me about his favorite parts in our videos and how excited he was to see us grow. He'd always ask when we would shoot again and always offered his place as a place we could film. I think he liked the company and seeing us do something we were passionate about. He always asked how I was doing, how my family was, and what projects I was working on. Gustavo cared about us and was encouraging even when we thought our films were bad. I'll never forget the support you gave.

“ Gus is my brother. Greatest memories I have were growing up with him. Always on a horse riding with our Aunt Minnie and Aunt Fay. Or walking up the street from our parents house to visit our cousin Freddy and what was going on with his garage band. When I was younger he was the one who taught me to country dance in our parents house down the hallway through the kitchen . Our condolences to Liz, Jessica and Joel. Wish you guys didn't have to go through this. My heart is broken

Cousins growing up together only 2 months apart we spent many holidays and family picnics together in our formative years. I wish I had made more effort to see you over the years. Life takes us in so many directions. I will always remember you as a kind gentle person.
