“ I first met Gus when I moved to Seguin in 2018. Gus was working as a Surgical Technologist at Guadalupe Regional Medical Center. I’m not sure how long he had been a CST at that point but I’m pretty sure it was at least 40 years! Gus had definitely been around the block a few times and knew more about surgery than most of the young surgeons and techs who were just getting their feet wet. Gus was knowledgeable and funny and knew how to put someone in their place without skipping a beat and without anyone taking offense. A true “OG” in life and in his profession. I, along with everyone he ever worked with, have been blessed to know and share the same space with him. He will never be forgotten but he will forever be missed. Fly high my friend. I hope you catch your limit everyday.

Sincerely,
Kenneth Schronk, MD

“ We feel so blessed to have met Gus and shared a wonderful friendship with him and Dorothy. From the first day we met him he exemplified a warm, caring, kind and loving person. He always showed lots of love to our grandchildren Layla and Rome. I admired his patience, kindness and positive attitude. With all those qualities he was definitely a super intelligent career nurse. I, personally feel he was a caring angel on earth. We feel this great loss already and will cherish the wonderful memories we made with him. Thank you, God, for putting Gus in our lives. May the Lord's perpetual light shine upon him forever.
