“ *My dear friend Helen. I can't believe you are gone. It makes me sad... but I am happy because you are now united with your sister Betty and your mom, family and friends. The time we spent together this past year I will cherish forever. Even till your last days you were thinking about helping others around you. You always wanted to make sure everyone felt special and to know they were not alone and I loved you for that. I miss you already.. Till we see each other again.*
