“ *My aunt was also my godmother. I went to stay with her all my summers in high school. She put me to work to buy myself nice clothes for school. She always was very independent and did her best to instill those values to me. We had great summer memories that I will cherish for the rest of my life. I love you tia and will miss you forever. My sister Anna is waiting for you with open arms in heaven.*

“ *Tia we will always look up to you and everything you have accomplished on this earth. You were truly a matriarch of the family. You were very intelligent and strong. Thank you for being a great mentor to our family. You have always done your best to provide for our family. You were surely a trailblazer and always very independent. I've always been very proud of you. I'm glad my boys and Ray got to spend quality time with you. We will miss you. Dad Mike is so sad that you left before him. He worried so much for you and being in New York so far from family. Again thank you for being a great daughter, sister and Tia to All of us. Love you with all my heart*

“ My memories of Tia are her always coming to see Grandma around Mother's day and the holidays. She was all about family and spending quality time with us. On one occasion Tia went with Debbie, the boys and I to a church picnic in Floresville, we thought she was going to fill out truck with all she bought at the picnic. Everything she bought was for others. That was Tia always thinking of her family and others first. There is a huge void in this family. She will be missed but not forgotten. Thoughts and prayers to the Escamilla family.

“ I am so deeply saddened by Hortensia's passing. When my dad left I was about 10 years old with a younger brother about 5 years old with my mama unable to work my sister put her life on hold to take care of us support us and never complained , now I realize how difficult it must have been for her till she left for New York and lived her life to the fullest. She was always there to help me in times of trouble she always wished nothing but the best for my family. I always knew she had my back.
