“ No words can ever explain nor express this feeling of loss, to my Tia & cousins I love y'all & I pray god gives y'all the strength to get thru this, stay strong! We shared a beautiful last moment together before he left this earth, I will forever remember how genuine he was, he had such a big heart & loved all of us. We were supposed to see many years together cousin, You were so young with a whole lot of ambition, You always dreamed big dreams and inspired me to do the same. Your impact will continue to be felt in the world through me. There is a hole in our family where you used to stand. There's a hole in my heart for which I never planned for, I will miss you every day until we meet again, I promise to keep your name alive as long as my heart is beating, be the heart & soul of this family and bring us closer together because we never know when our last moments may be, I love you forever, stay by my side cousin watch over me & amadeo.
