“ My Prayers and thoughts are with you all reading this. Thank you for your time, love and support. God Bless Your Heart!! My mother loved life and her belief in God was incredible to witness. She had a rough upbringing and suffered her entire life up until her last breath but she ALWAYS remained positive, kept going and made the BEST out of every situation she faced. The name Isabel is a girl's name of Spanish origin meaning "pledged to God". I captured the moment when my mother explained this to me 40 years later. She took an oath to God and changed her life for the BEST. She told me that she was trying to see things through GODS EYES. My mother repaired her relationships with her children, got closer to GOD and touched a lot of beautiful souls. She had a passion for music and loved to sing country music. She loved her family very much especially her mother. My mother was a warrior like her loving mother and sister. She NEVER gave up fighting and beat cancer. She completed all her chemo treatments. She fought so hard and took care of herself in the hospital. She took her last breath with her kids by her side. I can't thank GOD enough for allowing us this time with her. God is Good and he works Miracles. My mother came out of a medicated comma to tell me that she held on to GODs feet and he said he wasn't ready for her. She said she couldn't wait to come home to write her testimony. My mother came home later that day. Gave me the biggest hug (hugging was rare) she said she was ready to eat (blended green veggies) and fight. My mother passed away on the Lords day, Sunday, Father's Day 6/20, the Seventh resting day, peacefully and in the comfort of our home. This is her testimony! Peace, Prayers and Blessings to you all. I love you mommy! Misty Blue <3
