“ *My dearest childhood friend Isabel, We have known each other since we were in kindergarten in the same class room thru 5th grade. We then went on to junior high and high school together. Although we went in different directions, you joined the dance team and I played volleyball, I always considered you a best friend, and I believe that most of our friends knew that. when I learned of you illness, I was very much shocked and my heart was shattered. I remember going to see you at home and at the hospital, the first thing that I would say to you when I would walk in was "OMG, you look beautiful, you never change".*

We would then talk about thing that I had missed through the years, we would also talked about the beautiful memories we had growing up. Oh how I will miss you, but I know that you are pain free and in a much better place my Beautiful Angel. # RIP my friend till we meet again.

“ *My beautiful friend, Isabel. Remember when you stood as a bridesmaid at my wedding? I remembered you called me the day before in a panic because the seamstress did not finish your dress. Your grandmother saved the day! She put it together, and you looked so beautiful. Thank you for always being there for me! I will always miss you, and I can't wait to see you in heaven! In the meantime, I will keep in touch with your mom! Thank you for connecting us.*

“ Oh noooo sweet Isabel! Please don't go!

I went to high school with you but it wasn't until 2006/07 that I was able to have a relationship with you my sweet love.

Isabel was beautiful, loving, kind and a sweet woman. I loved the way she smiled and how she loved to dance! Our relationship was short lived but the memory of her love and the woman she is will stay with me the rest of my days! Rest in Peace beautiful Isa.
