He met Maxine by purposely sitting in her chair at a place they frequented. Therefore, "The Chair" became their song and the rest was history!

After his military service he didn't stray far from his passion as he began a Civilian Service career instructing Tempest/Crypto courses. During this time, he returned to college attending night classes, earning his Baccalaureate Degree from Waylan Baptist University in 1996. He retired from civil service after 20-years' service in 2014. He and his father had a mutual love for model trains. He also loved everything about airplanes and air shows.

He was gifted in electronics and owned a CB installation business in the 70/80s called Jim's Installations. He enjoyed golfing and his son Jay recalled playing golf with him as a boy and receiving his very own set of "Chi-Chi Rodriguez" youth golf clubs for Christmas one year. He was always ready to watch Patrick and Trey racing at 37 South Speedway, it was often the highlight of his week! As racing continued, he found great joy watching two of his grandchildren Rusty and Salina race quarter midgets when they were younger. To say he was a NASCAR fan is an understatement as all the above brought him great joy! Lastly, he loved to mow the yard with his riding lawn

mower and having a beer while doing it!

The family would like to send a special thank you to Debra Kelly and Scott Kimrey for their care and support to J.O./Dad over many years!

Pall bearers will be Jay Kimrey, Scott Kimrey, Isaac Lawrence, Rusty Badillo, Trey Votion and Taylor Votion. Honorary pallbearers, Patrick Kelly and Debra Kelly.

“ Known as Mr. Kimrey to me, he was always a kind soul who always made me feel like family. Growing up he & Maxine did everything to make me feel welcome in their home and I am thankful for the kindness he showed me. May your journey be peaceful Mr. Kimrey 🕊️

“ When I was young, dad worked an evening shift at the officers club and would usually be preparing to leave about the time I got home from school. Even though he might have needed to leave...he always asked me to play a game of Space Invaders with him on the Atari (I was 6-7 years old and this was maybe 1979-1980). It was always nice to have those few extra minutes with him each afternoon. Later on when I was maybe 12-13 we would cut lawns together and then grab McDonald's before he dropped me off at home. He moved away to D.C. for several years, but later in life we had deeper conversations and I told him I understood that life had its way of taking twists and turns and that nothing was guaranteed to stay the same. He knew that I loved him and I knew that he loved me. I will be forever thankful that I got to spend as much time with him toward the end as I did. I love you dad...save me a spot at the big table up there. I'll see you when I get there.

With great sadness in hearing the lost of my very close and personal friend, boss and mentor. Over the years we shared many hourly phone calls just to catch up on our well being. I took to heart the many advices (words of wisdom) he shared with me. They were often from experience and from the heart. He was often 99% percent correct. Big Smile JO!

He was my first boss in the cryptographic maintenance career field. You couldn't find the most caring supervisor as JO. He was a man of gold - firm in decision making, fair to everyone and caring knowing that his decisions often affected that individual along with his troops. He was a fatherly figure to many. Oh my god JO, you are going to be sorely missed. I love you JO.
