“ Dear Jean,

Mom and I are very sad for JB going on this final journey, as it was unexpected for us, because he never spoke of any problems such as this. And that's how he was, always continuing forward, even when we knew he was struggling with 'something', he would be at church and Lions Club very regularly and always for the important dates. Why, of all the people we know, you and JB always attended mama's birthday parties at Snogas, and we will always remember and cherish that. JB lived to make things better and we are so glad to have known him, which makes it bittersweet now that he is gone. O sweet Jean, we know about JB because of you, too, for it takes a certain kind of man to land a woman like you, and for those who did not know JB like others of us, if they know you, that tells them what kind of man he was and life he lived. We are sharing your heart even now from where we are to where you are, fellowshipping with you in your sufferings, loss, and precious memories. Such a beautiful story you two are. It is and has been an honor to know you both. Please call upon us for anything you may need or want. Or have coach call me.

With fond memories and high regard,

*Gregory & Emilie (mom) Newman
