“ I remember when I was a little girl, my sister asked me to go outside and sit with her on the porch. So, I grabbed my favorite blue blanket and spread it out on the front porch. My sister looked so excited to go outside with me. As we were outside, we heard a car coming from down the street. It was loud and awesome sounding. Then we both turned to look at the gold car with white driving by. It just so happened to come into our driveway. Turns out he knew our brothers and came to visit. I remember Linda getting all excited to see and meet him. I never seen her face so happy and excited. I am very honored that I got to meet my awesome brother-in-law. He did anything he could when I was in need of any assistance, whether it was with my car, my plants or just to talk and hang out. You are going to very missed brother. I'll always remember you and how happy you have made my sister all these years!!
