“ *My mother would always tell me special stories about my uncle. My favorite is when she would say my uncle would always buy her special little presents just because she's pretty. She adored him as he was the baby of the family. Uncle Chuy was always very sweet to me, my bros and sister whenever we visited him. He always welcomed us with open arms. I will always remember him laughing and carrying on. He will be forever in my heart. ❤️*

“ Uncle Chewy was a warm hearted simple soul. He was always good to me and my family each time we visited. I can still see him sitting at the end of the kitchen table and offering whatever was available. Most times it was coffee, big red and tacos, always sharing. So many memories to lean on. He will be greatly missed. May he now rest and may our memories comfort the Davila family. I love you too, Blessings- Virginia Gonzales Kroontje.

I remember this true story when I was 16 yrs old way-way-way back in 1976. I was working with uncle Chewy, and he notice that I hated painting houses . After work as we headed back to his house, since I was leaving with him for the summer in Houston. He gave me some good advice that to this day I really thank him for it. He told me that I was a smart kid and knew painting houses was not for me, if I didn't like doing manually hard work then I should stay in school and better my life. He told me I should not be in this kind of line of work, he new that cause I quit doing roofing with uncle Ramon. He was right, I educated myself retired from the Marine Corps after 25 years worked as a Deputy Sheriff's in San Antonio and now about to retired for the second time working for the government. Thank you Uncle Chewy, God Bless you and be in peace.
