“ My name is Lisa and I was in Mr. Guzman's math class in 1975-1976 as a freshman in High School. He influenced my love for math. I taught science and math and I used several of his teaching methods. I remember that when we walked in his class it was either, "turn in your homework" or "pop quiz". HA HA. He kept us on our toes. I was looking through our freshman album this morning and decided to google him. I'm so saddened to see he just recently passed away. My condolences to his family. I wish he knew how many of us students he influenced with his love for math. Thank you Mr. Guzman.

“ Mr. Guzman was very kind to me. I remember going to his house to visit his daughter and enjoying game and movie nights and being given snacks and dinner. He also chaperoned some of our band trips all while being a busy 5A school principal. Great memories of those days and getting to know him over the years. My sincerest condolences to the Guzman family. May he rest in peace.
