“ So so sorry for your loss! Jill was such a nice and caring person. She will be missed by many. Just talking to her over my daughters fence was a delight when she was in her back yard. She made my daughter a beautiful quilt that she gave to me as a Christmas gift because my daughter new I was upset because I didn't get any of my Grandmothers homemade quilts. It was a beautiful quilt and it touched me deeply and made me cry. Beautiful memory of Jill!

“ There is so much I could say about you Jill but it's hard to find the perfect words to say my goodbye. You were my friend from the first day I met you. Your smile brightened this world and you will forever be missed. My family and I will cherish the memories we have of you and our time together. Anytime I see a sunflower I will think of you, as I pull out all the amazing holiday decor you have made for us over the holidays, I will think of you. I will light a candle each year, not on the day of your passing but on the day of your birth. My my life was forever changed for the better when I met you.
