Jim was a special kind of man. I can say there was never a day I saw him mad or sad, he was always saying nice encouraging words. They don't make men like him anymore they are few a d far between. Rest in peace Jim, you deserve it. 🙏

What a beautiful, perfect tribute to Jim. You captured the great love you & Jim shared, Irene, the love he gave to the entire family & the love, kindness, & happiness he gave to everyone with his big hugs & smile. I thank Jim for all the love he brought to you & this family. You forever captured his light & joy with his smile. We can always go back to this & feel his love. Rest in Heavenly peace, my dear Brother, Jim, & Tío/Uncle Jim to my boys. Until we meet again, dear Brother. We all love you & will miss you. 🙏❤️😭😊

“ As i dream of my path behind me and all the hard times and sadness there was. The lord whispered into my ear. Look at what you made it through my child and all that tried to break you for even at your worst times you had no doubt in me as your father you knew i would never put nothing in your path that you couldn't handle (by me B.R) (((as I worked alongside you and all we talked about and disagreed with each other and laughed about whatever I can say this with a full heart is that in all that we were never just coworkers we were as you always call me a brother !!! You are missed Jimbo

“ Our deepest condolences to the Molina Family. Mr. Molina as our family would call him out of respect even though we knew him for many years. Mr. Molina always had a smile on his face and willing to help. Jim loved his family very much.

“ I remember when I met you November 2006 I started working for the San Antonio River Authority. You walked in and introduced yourself I introduced myself and you told me if I ever needed anything just to call you he said they call me Jimbo. He was so sweet kind to me when I work the mornings you will bring me breakfast tacos and coffee bye-bye work the afternoon you would leave work and bring me dinner and I never ask for anything you would do it because that was you. In 2008 we officially started dating then in 2012 we got married I loved you so much I'm going to miss you everyday of my life. I love you baby

My uncle Jim taught me how to shoot both left handed and right handed. He taught me how to ride a horse, how to shoot a bow, how to fix a fence, how to get up early, how to corral cattle, how to fix a car. He loved me and I loved him. He always treated me like I was his own.
