“ *My sweet James,  
I just learned of your dad's passing. I am so sorry for your loss. He was one of a kind and I will always remember him and your mom, Cheryl, with such fond memories. Your parents were so proud of you and I hope you find comfort in that.*

“ I want to post an appreciation post towards Jody , he was the best father any daughter and son could ask for. I know my mom wasn't the best wife , but I will be damned to say that she worked her butt off to help Jody live longer than expected. I always told Jody that I wanted to be a doctor ever since I met him. one day I saved his life that I know he will never forget . I remember walking and seen Jody passed out , & me I went over to see if his heart was still beating , dialed 911 and had to do cpr , when the ambulance came , I prayed to God hoping he would live and believe it or not he did . That same day when he was stable and awake , I talked to him & I could see the happiness in his eyes , grabbed my hands and held them tight as can be & cried & thanked me for saving his life , “If it wasn't for you angelee , I wouldn't be here right now” were his words. My brother Joey , he would always put lotion on Jody's feet , fill up his big bill millers cup with water , cranberry juice , tea , or milk I can tell you that that man had like 2 different cups lol , but my brother was such a big help towards Jody , but most importantly my mom , she supported him as much as she could , I know that he felt bad cause we couldn't go out without knowing what would happen to Jody while we were gone. But I have to say every time my mom would worry , we would rush home & walk in and he would be sound asleep . These 5 years might mean nothing to his family , but our little family it meant a WHOLE lot, We are thankful to know he's not suffering anymore like he used to , & I know he loved us dearly . We love you Jody ❤️

“ Jody Boatright was an amazing neighbor and friend for over 40 years. A very hard working, loving, thoughtful father, grandfather, and husband. I look at his house across from me and remember him being back there stripping out old refrigerators and freezers, old parts from cars then when he had enough, he made his trip to Newell salvage. He raised parakeets, had a huge aquarium, he even had a few snakes at one time. Always working and finding a way to make a little extra to go toward the farm he and Cheryl dreamt of moving to one day.

He absolutely loved the time he spent with his granddaughters Rylee and Aubrey. We would hear the girls in the back yard laughing and hollering running all around. He would tell us while chuckling and moving his head back and forth how different their personalities were. They kept him busy and he loved it.

He had a dream to collect old cars, and he did succeed in collecting a few.

We are thankful for the many unforgettable memories we have of Jody. I see him so clearly standing back there in his overalls with his hands up wrapped around the straps and in his word, "I have an idear", (idea) I know that is misspelled that is how he said it, oh gosh he had a lot of those.

An absolute beautiful man, inside and out that wore his heart on his sleeve. May he find Peace in heaven with his family and friends. You will be missed,

Love You Neighbor/Brother

“ James

*So sorry for your loss. Your dad was a very special man. When I got married he and your mom volunteered to help serve drinks at the reception. Your mom got sick and was unable to come but your dad came anyway and helped. Know he has been reunited with her in heaven and they are both looking down on you and your girls.*
