“ I found out about Joe's passing too late to attend funeral services but I wanted to take a moment to share some things about him from a much simpler time in the 60's. Joe and I attended Central Catholic High together and from the time we were both 15-17

“ My deepest sympathy to family & friends of Joe. While not close in our adult life, he was definitely a part of my young life. We went to grade school together at St.M.Magdalen. In more recent years I would see him with his mother at Jacala. Sad to see him
