“ I'm so sorry for your loss. I had the pleasure of meeting Joe @ UHNW Dialysis clinic. I did not work with him side by side since I worked in the Biomed department but my interactions with him were awesome. He always had a positive thing to say, and we'd make each other laugh. He will truly be missed. I pray God gives you all the peace, love and understanding of why he left this world too soon.

Sincerely,  
Antonio Jimenez Jr.

“ *Joe told me a story about a year after we were working with each other. He told me how he took his son to the zoo and they got to see the dogs and the cats birds the fish it has always been my favorite story and over the eight years that we worked together, whenever a new teammate would come aboard, and Joe would be training, or even when he and I went to our new clinic and I would have him tell the story to the new coworkers anyway just always made me laugh was always good to see him smile and laugh. This man would give you anything. He bought a coworkers daughter a computer because he couldn't pass up the great deal it was. I can go on and on. I'm going to miss my friend Joe. Yes, Joe Berkeley is wagging his tail.*
