“ I loved my tio so much! I remember the summer evenings when I spent time at my grandmother’s,tio Joe would sit on the steps of the front porch with his guitar and his friends. They would play their guitars and sing beautiful Mexican ballads and their harmonizing was heavenly!!

*I'm getting very teary eyed remembering such a beautiful, kind soul, my cousin. How I remember the fun gatherings at my Tia Maria's house with all the family and friends. Joe would get his guitar and play beautiful Spanish ballads with his musician friends. We would all sing and dance and have so much fun. He was always smiling and laughing, never an unkind word. Also, I remember he gave me and my sister Mary Helen a ride in his Model-T; it had a rumble seat. I love you cousin Joe and you left so many precious memories!! RIP*

*Joe was my trainer when I started working at EG&G Automotive Research, about 42-43 years ago. He was my co-worker, mentor, and my best friend. Don't what else to say. RIP brother, you are in GOD hands now.*

*Those were my memories. Him sitting and playing the guitar. And New Years when the whole family would get together and we would all eat and dance. He was always the sharpest dresser. And the last time wee were together and we would tell us stories of when abuelito and abuelita came into the country and how the worked and survived. We will all miss you.*
