“ *It's been several years since I worked with Joe, but somehow we stayed in touch. He would come to my son's football games from the time my son was 8 years old until the last JV game he was able to attend. As always, camera in hand to make sure we have those memories. We have come close to heat stroke tailgating at the Alamodome. Nearly frozen a time or two, tailgating, same Alamodome. Suffered the agony of trying to finish that huge pizza at Big Lou's or attempting to get 200 wings into 10 people for no good reason other than to try. He's the kind of friend we should all get have at least once, so then we know what a good friend really is. He will be sorely missed. Our thoughts and prayers are with all of the family.*

“ Joe is the oldest friend that I have. I never trusted any man more than him. We went through grade school and high school together. He was also my brother on the offensive line in football. He played left guard, I played left tackle.

Through all of those years, I don't think I ever heard him say an unkind word to or about anyone. He was everyone's friend and the one you knew you could call if you were in trouble. He always made you feel like you were the most important person in the room, no matter who you were.

I'm am truly sadden by his loss. My condolences to his family and my apologies for not being able to attend his services. If I was able, I would be there.

Joe was the man that I always wished I could be.

“ *I met Joe at work, and he never failed to be the most helpful and knowledgeable person we could reach out to for IT support. My mom and I ran into him at Fiesta several years ago and he was so full of joy, taking pictures and soaking in the atmosphere. I'll never forget him. Sending my sincere condolences to his family and loved ones.*
