“ My deepest condolences to my aunt Alice and uncle Mike and cousin Justin. I am saddened by the sudden loss of my cousin. I will forever cherish all the memories we had as a family and all the many, many gatherings we had as well. You would know when Josh was present because of his voice, his laughter, it was very contagious. I wanted to share one fond memory I had with my dear cousin.

We made it one of our many traditions to attend the Comas County Fair. My grandmas house was located on the street behind the fair grounds. So we would always have a family gathering at her house and we would make our way over to the fair. I remember one year Josh and I decided to go to the fair and we had a few drinks and walked around and played games and got on rides. We were having so much fun. WE WON A GOLD FISH, and we were so excited. Little did we know that there were storms lurking in the area, and they came out of no where. It started thundering and lightning and it was moving fast in our direction. All of a sudden, it was pouring. Josh and I looked at each other ( we were both in short and flip flops) we were debating whether to run home to my grandmas or wait it out with our fish we won. Josh started laughing and said let's go, we can do it. So we both took off our flip flops and ran through the fair grounds trying to get to my grandmas house. I was carrying our prize possession (the fish). We laughed the whole way home and running through the streets yelling and laughing. We made it to my grandmas house and we were laughing so hard trying to dry off. We both were so excited that we won the fish and were showing it to the family. Our fish was traumatized with our actions that it was dead by the time we got to my grandmas house. We (I) killed the fish when I was running and shaking bag so much trying to get home. We couldn't stop laughing and that is one of my craziest, exciting, memorable time with my cousin. Joshie, I will always carry you in my heart. I will always love you. You were the light of all of our gatherings. I loved how you would try to speak Spanish and it sounded so cute. You are missed so much already and I know our gatherings are not gonna be the same without you. I love you so much. Dance freely my dear cousin. You are my angel, look down

*from time to time and let me know you are around. Miss you, love you, and you will never , ever be forgotten. Rest peacefully.*

“ Josh and Justin were like our own kids. And our kids loved them just as much.

We called Josh "our baby Josh". These boys spent as much time at our house as they did theirs while living in Kirby. Words deceive me as i think of our baby Josh earning his wings so early in his life. Our memories though, will always be in our hearts. The dancing, the laughter, the silliness and smiles he always brought to us when we would babysit this boy of wonder. It was never a dull moment. We had the best of times and we were saddened when they left Kirby to enrich their lives on other adventures.

Mike, Alice, Justin,  
We are here for all of you. To talk, or not to talk. Just to sit and ponder what life brings in the future.

Our Baby Josh,  
May the perpetual light shine upon you. May you rest in eternal peace.

We love you Rodriguez Family,  
ALWAYS,

“ *Joshua,  
Some of my favorite things were; to cook your favorite foods, chicken tacos and rice, rice pudding (a'tole) and bacon for breakfast, broccoli n rice casserole for a special occasion. You always said I didn't make enough!  
I also loved, loved, to watch you dance! And sometimes, you would sing in the shower.  
Your smile and laughter brought joy and warmth to my heart. Your wittiness just made me laugh. I miss you so very, very, very much. But, you are in my heart and I will talk to you each and every day. Until I (pray) may be with you, once again.  
You are my Hero, Joshua.....*

*Luv you always and forever

*alice, some of my favorite memories of Josh are when he was helping me decorate and re-do my house. Everywhere we went he would snap photos for inspiration for your office, your kitchen, your bedroom, etc. He was always thinking of you and how you would like something. You were always the queen of his big heart. hugs to you.

“ You truly were the biggest blessing of mine. Who woulda known a coworker back in 2018 wouldn't become such a big part of my life. Once we became friends you were there for me every step I took, there were days we wouldn't spend apart. Once I moved to San Antonio you had so much to show me, you were the best tour guide I could ever have. I love how you have such a passionate soul, so in tune with your feelings. That's what made you, you! I love you so much for teaching me to be true to myself. I love you and I am so thankful I was able to be close friend of yours.

“ Oh my sweet Joshua. I could fill up this whole page with memories that come to mind. You had a way of always making me laugh no matter what the circumstance. Thank you for making life fun and always showing up for me. Pool days just lost their spark without my favorite DJ and NB nights wont ever be the same. You will be so missed by everyone but especially your Karen. This isn't goodbye little brother, but I'll see you later. Love you forever! ❤️
