“ *I've known John for over 40 years. I have countless stories, but once did concrete work for him. Before the 'crete set, we had Jacob, maybe 2 years old, imprint his little hand in the concrete somewhere off S. San Gabriel St. (or was it his little feet?) I was privileged to keep the shop open once when he, very seldomly, went on vacation. And for days to come, when I want to remember my friend Johnny...He helped build my 2 casement type Iron windows 20'x14' for my house... I can look through the glass of those windows and I can see my friend Johnny.*
