“ I drove on Pennsylvania Dr in Victoria Tx yesterday. I thought of my friend and co worker and wondered where she was these days. When I googled her name I was shocked and so sad to see she has past. She was such a caring person and she did have a beautiful laugh. I was only 19 years old when I worked with her . I found out I was pregnant and she just always looked out for me and was always taking care of me and of course she gave me a baby shower. She was so smart and such a great supervisor. I know she was a great wife, mother , daughter , sister and friend. Rest In Peace.

“ Julie was my team lead when Norwest bought Groos Bank in 1995. She taught me how to work Excel and do spread sheets. When our home burned down in 1997, she organized a shower for us to help us get on our feet. I always thought of Julie as the best friend I could ever have. I will miss her; her laugh and her love as I know her family will. Jennie Lambert

“ Julie and I worked together for the last few years at WF. I'm still in total disbelief that our Julie is not here with us. I can still hear her beautiful laugh, (from the bottom of her heart). She lit up a room when she walked in with that smile of hers. Rest well Julie, I'll see you on the other side when it's my turn one day. You're TRUELY Missed my friend!!!!

“ Julie, you are definitely missed by many! Julie and I worked together in some capacity or another over the last 16 years and the workplace won't be the same without her! We would often share stories about our children who are almost the same age and her eyes would light up when she spoke of her pride and joy - Justin. I feel like I've watched him grow up over the years and I know one thing for sure, she loved him very much! It is with disbelief that I write this as we were all together Friday afternoon but when we returned to work on Monday we had no idea she would not be with us. Julie, may you rest in peace. You touched many lives here at work and through the countless hours you spent with the Boy Scouts. Your laughter and genuine concern will surely be missed! Until we meet again.....Sheron.

“ Jules as I renamed her... was an extraordinary woman & even more so an extraordinary human being. She made my job so easy & always was there to guide me whenever I was completely lost. I loved the stories she shared with me on what to expect on raising a son & in my case it was "sons.." Her LOVE for life, her son, her family & her friends was HUGE & you could feel it immediately, anytime you had a conversation with her on any topic. She once told me that I was the only one here at work that called her "Jules" and asked why did I call her that... and I responded back to her explaining that the reason why I called her Jules was because she was my JEWEL and she was just as precious as Jewel is to all of us.. We both giggled & then she gave me one of her warm hugs followed with her famous.. "GIRL.... you're too sweet." comments. :)

*I am missing my Jules so much & I am just grateful for all of the great memories that I got to make with her. My condolences & prayers go out to the whole family.*

“ I was a coworker of Julie’s at wells Fargo. I have only worked with her for a short seven months. However in those seven months I grew to love and respect her. Julie had the answer for everything. I always told her that she was my “work momma”. When I was told the news I was in such disbelief. I had just talked to her on Friday afternoon. I miss her so much. Already there have been many times through the day I have thought I will just ask Julie. Justin I can tell you she loved you more than anything and spoke about you often. I hope that everyone that knew Julie can find peace knowing that she touched your life in some way. Rest easy my sweet friend. I will miss you always.
