“ Oh, Kassie...there is not a day that goes by..i don't think of you or miss you. in a few months will be 4 yrs the Lord took you home. I cant believe your gone. my heart hurts not to have you here. I have pictures of you in my room. I look at them & smile, because God allowed me to be your stepmother & be in your life. I laugh at the times you were being mean with a little attitude of yours, even tho we bump heads, just know Ive always loved you as my own daughter. I will forever miss & love you. Kassie.
love you, always

“ *Always on my mind & in my heart ❤️. I still remember the day you gave me my nickname "Mermer. Sitting on the couch and teaching you to repeat our names. We laughed and I thought how adorable! Thank you for being my niece. I wish I would have had more time with you! I will think about you everyday! Being here everyday on our land and it is full of "Redbirds". You'll always be my beautiful ange! 😊 Love you Kassie Blue! ❤️*

“ I still feel like I'm in a bad dream and I'm waiting to wake up and still have our kassie Blue here with us. I Still remember the day you were born. We were waiting all day for you but of course you waited till the morning. I saw this beautiful baby with big beautiful blue eyes and just one tear in the corner of your eye. We all fell in love with you & knew you were special. We were so honored to be your godparents. We have so many wonderful memories of you. Thank you for being a big part of our lives. I am very proud of you....I saw you fight this battle with all you had and not once did you say you were ready to give up. God just knew you would be a perfect angel for him & said he would give your body the rest that you needed. I'll miss you and your witty sense of humor. We love you kass and would do anything to have you back with us! When you left us, You took a piece of my heart with you. Please tell grandpa & my baby I love & miss them too. I know he will take you under his wings and make sure you're okay.

“ When someone you love becomes a memorie that memorie becomes a treasure. Never ignore a person that loves you, cares for you and misses you. Because one day you might wake up from your sleep and realize that you lost the moon while counting the stars. Death leave a heartache no one can heal, love leaves a memorie no one can steal. We love you❤️

“ You are where you're supposed to be at this very moment. Every experience is part of gods devine plan. Pray then let go. Dont try and manipulate or force the outcome, just trust god to open the right doors at the right time. Always pray to have eyes that see the best in people, a heart that forgives the worst, a mind that forgets the bad and a soul that never looses faith in god, you will always be in our hearts and memories, we love you and miss you KASSIE❤️

“ My favorite moments are when you were fearless which was all the time! Taking grandpa's money from his jar and going to the store to buy junk food, going to parties meeting up with boys drinking wine coolers ha!, getting a certain person to buy us a six pack chugging it and returning to the family party, prank calling random numbers and leaving messages on their answer machines, calling jerry springer on the pay phone and hooked on phonics. Picking out our babies names, and trading secrets are the best memories i have with you. You were always so tough and strong and boy were you a fighter ,not even on your worst days did you give up, and in the last months you trusted me with your life and I'm forever honored my heart aches but I know you are where you need to be. I love you and I miss you

“ Oh how I loved your sense of humor, wit and honesty...the hilarious and sometimes brutal honesty! I know, no more pain but it still hurts like hell.

You faced many challenges in your young life but you always came out with a bigger heart.

I love you, I miss you...I will always miss you. I will see you in my dreams for now.

“ All though I've only known you for 12 years it's feels like a life time. I gonna miss the good ole days, JoJo, you, and I always blazing, listening to music, watching movies, and just having eachothers company. The cookouts, the laughs, being stuck at the light for 20 minutes at 3 in the morning cause you couldn't get out of first gear. I Remember it like it was yesterday. You asking me if it was normal for your nipples to enlarge when you where pregnant with Damon, me telling you yes and you telling me thank God, cause I thought I was trippin... lol...us three hanging out at my babyshower for Danzig.....i can go on and on. But I constantly remind myself that this earthly life isint forever and it's only temporary. It's only a matter of time before we see eachother again so until that day comes I love you and miss you....

“ I love my cousin Kassie. I would carry her when she was baby and saw her fight til the end. She was always beautiful, honestly my grandparents favorite of us all. My grandpa gave her the nick name "Baby Blue" and would sing George Strait's song as if it were written just for her. I saw her grow up to be a beautiful woman who fought through all trials she faced. No matter what she will always be in my heart. I will remember her when looking at my youngest daughter who Kass called her "twinsie" because they were only ones on our side of the family who had colored eyes. I will remember her sarcasm because she was real not afraid to be honest. She loved her boys with all her heart. I am a believer and I am rejoicing because she accepted God in her life. She is now eternally with Him and is in peace. My heart broke because it was too soon but God had a different plan. Me, Leo, and kids will always love you. We will miss you always. I won't forget you. Tell grandpa and my dad i love them. We will see you again one day. Love you cuz.

“ *I will never forget my beautiful big sister Kassie. She was always there for me when I needed her growing up. and even though She was given a life full of obstacles and endured many storms. She continued to fight till her last day. Baby blue I miss you. I will never forget her because when I look in the mirror I'm reminded of the day she push me off a van and I cracked my front tooth I will always love you.*
