“ *I was saddened to hear about Kitty's passing. I saw her not too long ago where else but at a thrift store. I knew Kitty from Fiber Artists of San Antonio. I will remember her always as a very kind and giving woman who was so creative and talented. A group of us visited her at her home when she taught us how to make these gorgeous angels last October. Your family is in my thoughts and prayers. Kitty will be missed by the fiber art group.*

“ I was most saddened to learn of Kitty's demise.

*Kitty and I worked together for many years in the Department of Nursing Education at San Antonio College.. During that time, Kitty was dedicated to her students, committed to improving the quality of the nursing program, and being an active participant in the shared governance of the nursing program.*

*I will always remember Kitty for her comment when things did not go well in the nursing program She would say it was a good thing it was "no biggie! and -- best of all-- she was right!*

*My deepest condolences to Ernie, her sister, Kitty's children and grandchildren. I will pay for the repose of Kitty's soul*

“ *Ernie and family. Ron and I are in shock. It is hard to put into words all the times we had together (cutting wood, picking up pecan among other things. Kitty was one of the most talented people I knew. No matter where we were she was doing some type of project. I had never been on a cruise and Kitty invited me along with cousin Jan to go. A die hard quilter. Jan and her took their sewing machine. We will miss playing Mexican dominos. Our prayers and love go with you.*
