“ I was so saddened to hear of the loss of my old friend Ken. I spent many hours laughing with him at Texas A&M, in Navasota and Port Aransas. He was a bright light in my youth, so witty, fun, sarcastic, creative, and always so kind to me. We lost track of each other somewhere along the way, but I always held him dear to my heart. He will always be remembered.

“ Dearest Bob and family,  
This is just heartbreaking to lose a child this young. I'll always remember his bright smile and his tremendous creativity.

*Love and prayers to you all,*
