“ Kevin was one of my closest friends, This really breaks my heart, A man full of life, laughter and a big heart, you don't find friends like this often and when you do you hold on to them tight, Which I did. We met many years ago, we would go dancing, would meet for lunch and of course i would always get one of his silly messages in messenger on a regular basis, He called me his colombian friend LOL. He will always have a special place in my heart, as I will always remember him as a man of God who always put His kids 1st and a great example of a good man who cherishes his friendships and family. He will be missed dearly, Heaven gained an amazing angel, I can literally hear his laugh with that lil teeth snap saying "really T ?!", None of us were ready to lose you so soon my friend but God definitely has a bigger plan. My Continued prayers to his kids and family as they go through this journey and may you all feel God's arms wrapped around each of you.
