“ Larry and I lived across the street from each other when we were growing up. Even though he was 7 years younger than me, he was a good friend with me and the other 9 boys on the block.

We were both in the Fire Department but we never had a chance to work together. I remember a fishing/camping trip to the coast in the mid 1970's with our wives that was a lot of fun.

Larry was a really good guy and he will be missed.

“ So many fun memories with Larry and Carol. We made many fishing trips to the land cut. Always more laughs than fish. Carol outfished us all with her little pinkie thing. 🎣 one of those trips we renamed him 'King Rip'

Then there was the annual house boat trip to lake Amistad. The floor stayed sticky from margarita mixing. So so so many laughs. Sure will miss that crazy Larry. Pretty sure he is already cracking jokes in Heaven.

Our sympathy and love to Carol and the whole family.

“ Smiling Larry is enjoying Heavenly Paradise with his greatly loved daughter and parents. I used to have a science experiment where we showed kids peeping, hatching, tiny chicks cracking out of eggs in an incubator. After a little time these chicks needed a home where they could run and have a fun chicken life. Remembering that Larry had country acres, I would drive the chicks over to his Fire Station. He would bring the peepers to his country home. As I drove off I always yelled...no eating our little friends. They always had a good life out there in the country.
I know Larry was always very proud to be a fireman who loved his family very, very dearly.
