“ *It was truly a pleasure to know Laura. She was someone who could bring joy and laughter to others and not even realize it. She had a very warm and outgoing personality, and her laugh was contagious. Laura was truly a "people" person. But, more importantly, she was a family person who loved her family so much. She fought a long and hard battle with cancer just so she could stay on this earth "with and for" her family. We are sorry for your loss but know that your wife, your mom, and your grandmother will live on in your hearts, your minds, and your memories every day. May she rest in eternal peace in Heaven in the House of the Lord.*

“ *Good morning
My deepest heartwrenching condolences on the loss of your mother
,wife,and sister.
(My apologies for not reaching any sooner.)
I have been in praying that your your minds and hearts are at peace
just like your mom is in heaven rejoicing with the Lord in a new body
without aches or pains.
She fought the battle, and even though we think she lost the battle
.we are totally wrong she gain a victory she won her crown
She finished the race.
As you well know, your mom, your wife, my sister, was an
extraordinary individual, we might say she was wonderwoman.
She was always there for everyone, our aches,our pains, our needs
.I know because she rescued me many times. And I know for sure
that her prayers are the ones that got me where I am today. She
loved,she nurtured, she conquered.
SHE IS VICTORIOUS*

“ Mrs. Herrera is my best friends mother and has been apart of my life for over 32 years. She has always opened up her home for me so I could hang out with Carmen and eat dinner. I would love to eat over because the food was the best. She would often trick me about her food not being spicy, because I did not like spicy food as a teenager, however when I would go for that first spoon full I would instantly regret my decision. She would laugh so hard while saying "it's spicy right"

She was a wonderful human being with a big heart and even bigger spirit. She raised an amazing daughter with the same infectious personality. I shared her love of HEB because I too am a partner of over 26 years.

To her family, just remember nothing loved is ever lost and she was loved so much.
