“ Nanny was a force to be. Always full of life and always there for me. Even though we did not see each other as much as I would have liked, I knew she would always be there if needed. She will be greatly missed.

“ Nanny was full of life, feisty and downright fun. As you can imagine Nanny was the coolest grandmother any child could ever have. She always had sporty sunglasses, A drive for adventure, a love for kids, But most importantly she had a eternal love for her family, and she showed that love for her family every single day. No matter how bad of a day it was for her, any time her family came around she was always smiling and having an amazing time. Now, I did not know Nanny for a little bit of my life, I was blessed to have Nanny brought into my life in 2010. I was so blessed that she did not think of me as her step grandchild but she accepted me as her grandchild. I was only 10 at the time Nanny came into my life and from then on I got attached to her. She helped me in so many ways. She’s helped me through heart ache, she has help me through my tough times and she encouraged me through my hardships. I was so blessed that Nanny was at my graduation to see me achieve my biggest Accomplishment in life. Unfortunately now it is my time to say goodbye. Nanny, I want to thank you for the memories you have given me. I would like to thank you for the joy you brought into my life, I want to thank you for the change that you brought in my life, the lessons you have taught me Will stick with me throughout the rest of my life. I want to thank you for being my shoulder to cry on and giving me amazing advice. I want to thank you for the goodbye that was never said, the goodbye that will never feel real in my heart, the Goodbye that I will always question, The goodbye I knew would come But refused to believe it. Thank you for the amazing memories and being an important part of my life. I love you Nanny, to the moon and back, forever and always...
