“ JoJo, as most of us knew her was not only my aunt, but like a big sister to me. She was 7 years old when I was born and I was her baby doll and later one of her best friends. We shared many things through the years. She was my rock when I was down and she said the same about me. JoJo was full of vim and vigor and never a dull moment around her. She always let you know exactly what she was feeling .Everyone can relate to that one i'm sure.. JoJo had a lot of love for everyone and especially all her children and step children. She always felt that God had blessed her with not one, but 2 loving husbands.

She always told me her deep faith in God, and knowing the love of the Lord, helped her through all the tough times.. I will forever treasure every moment spent with her. And one day I will see you in heaven, my big sister.

Love you
