“ *Something I loved and admired so much about my sister, was her un-selfish generosity and concern with the needs of others. As a loving , dedicated, single, working mom, she somehow found time to concern herself with caring for the needs of our elderly parents and so many others. The world would be so much better if we would all follow her example. I owe her an abundance of love and gratitude for all she did for our parents and for our family. Rest now, my beautiful sister. I will forever treasure your love, your legacy, and your memory. You have been an inspiration to me my entire life. and I am thankful that we never lost touch. Love you and your beautiful son.*
