Luis Antonio Ortiz, beloved son, entered eternal rest on Wednesday, April 15, 2026, at the young age of 18. He was known for his kindness and free spirit. He liked to hangout with friends, roller skate downtown, create his own Halloween costumes, cut and dye his own hair and was teaching himself to play guitar. He is loved and will be greatly missed by his mother Adriana Isabel Ortiz; grandparents Javier and Oralia Ortiz; aunt Norma Oralia Ortiz; uncles Jaime Ortiz (Adriana Saucedo), Hector Ortiz (Rosie); numerous great aunts, great uncles; cousins, extended family and dear friends. His passing leaves a sorrow that cannot be filled, but his memory will live forever in our hearts.

“ *Lusito, my heart hurts for your mom. Words can not express the sadness I feel. I don't understand why such a beautiful soul such as yours had to leave this world. You have left such a big void in everyone's life. Just so you know I loved your infectious little laugh. I will forever remember you.*

My most heartfelt condolences to your beautiful Mom and all your family, may God almighty grant her the strength needed during this difficult time. May you Rest In Eternal Peace sweetie. Love always, me (Esther)

“ I can't believe your actually gone💔. ima miss all those times we would facetime and tell eachother chisme or when we would be playing Roblox or Minecraft. I'm sorry for not calling or texting more I really wish I did I hate myself for not calling u just to ask about ur day or what else was new in ur life. I wish we could've done everything we wanted to do as little kids, I remember when we were younger we would talk about the day we would hit adult hood that we would get an apartment together and travel all the places we said we would. This still doesn't feel real to me I'm so devastated right now I can't believe I won't be able to see u face to face and hang out again. I'm gonna miss u so much you don't understand I just don't know why u had to go, why you, why now. We were about to start the beginning of our new chapter of life. I'm never gonna stop telling you about the new things that happen or the things I achieve in life, I'm always gonna be texting you no matter what. I love you so so much I wish I could've told u this before u left💔💕.

“ Luis I will never forget you. You taught me what real friendship looked like and i'm forever grateful. I can't believe you're gone it's not fair how little time we had to get to know one another, but i'll forever cherish our memories together. I keep thinking back to our first hangout in your apartment where we spent the day making gingerbread houses and getting to know one another. I'm glad that we made that hangout happen because we were able to become best friends after that. You made me love christmas and halloween even more with your love for the decorations and especially the lights. You made every hangout special with your laugh. I hope you knew how much your friendship meant to me and how much love and care I have for you in your final moments. I'll miss and love you forever. I swear me and turo will do right by you, by doing everything we said we would. We'll always have you in our hearts. I hope you're in a better place my friend. Feel free to visit me whenever you get your ghost form <3
