“ *My dear sister Lupe was one of a kind. So many wonderful memories. She was always the center of attention at our "Sister days". After the six of us spent the day together, we would end it at her apartment where we would have sweetbread and coffee. We would then listen to oldies music. Along with the music came the funny stories of the past where Lupe would have us laughing so much. It was a nice ending to a perfect day. Our lives will never be the same without her. To her seven children, your mom wasn't only a great mom but a wonderful sister to her siblings. I looked up to my big sister and admired her tremendously. My heart goes out to all of you. I certainly feel your pain. May Jehovah give you all the strength you need to get through this.*
