“ On behalf of the USS Haynsworth Association, we were saddened to learn of Lynn's passing. She was so gracious to provide much of her father's WWII and later writings, photos, and computer messages to our group. Her efforts have helped keep history alive for another generation. For her next journey, we wish fair winds and following seas.

“ Lynn, thank you for taking a chance on me and giving me my start at University. I learned so much from you in those two years before you retired, I only wish I had gotten a chance to work with you longer! I remember coming home from my first day and telling Scott, “she loves animals as much as I do!” Ha! I'll miss your Christmas cards and our “catch up” emails. Jerry, my prayers to you for strength during this time. May you find comfort in the memories.- BJ Moerbe
