“ *Margaret and I quickly became friends in 1982 when I first started working at Security Hill. We started going to lunch together almost every day and we continued our daily lunches for 24 years until Margaret retired in 2006. Margaret would always joke how we never had a single argument in all those years. I loved Margaret dearly and I will forever treasure the wonderful memories we shared together. She was a wonderful, kind person and life was never dull with Margaret around! She loved going to her "shops" looking for bargains and she was so happy when Don took her to Ireland as that was one of her favorite trips. Margaret loved her family dearly and she was so very proud of them. She would often tell me how lucky she was to have Don to take care of her and they were blessed with a long, happy marriage. My sincere condolences to Don, Paul, Kelly, Joey and Mason during this difficult time. My thoughts and prayers are with you.*

“ I met Margaret when I worked on Kelly AFB. We ate many lunches together in the gazebo. She was always lots of fun. We introduced our husbands and after we retired we went on many Road Scholar trips together. We often met for dinner at a restaurant and then played Chickenfoot at each other's homes. We soon got tired of Chickenfoot and started playing Aggravation. In fact we have played Aggravation twice a week for at least the past six years, We even played all during COVID. She was very competitive and loved to knock our marbles off the board. I will miss her dearly.

“ I first met Margaret back in the mid 1980's where she worked and was a very close friend to my mother, also named Margaret. Over the years up until Margaret retired from civil service we shared countless lunches together, shopping at the BX and know she and my mother must have walked a million miles all over Security Hill. Our deepest condolences go out to Don, Paul, Kelly and Mason during this time. Her loss is deeply felt by the many lives she touched over the years, she truly had a heart of gold. Our thoughts and prayers go out to all those who loved and knew her.

“ 1975 I had entered the US Air Force, basic training was in San Antonio. My Mother always talked about her brother Uncle Donald in the USAF. I wanted to be just like him. They both pulled some strings and helped me escape from training camp which is unheard of for Thanksgiving. Aunt Margaret suggested we visit The Alamo before dinner awesome time. Beautiful dinner and even had a couple of beers before heading back to base. That afternoon gave me the strength to keep going. Beautiful soul.....
