“ *As a child, I have many fond memories of Tia Lupe and my Lucio cousins growing up in Virginia. She would take care of me after school when I was in kinder. She allowed me to live in her home briefly when I moved to SA to go to college. And as the loving second mom, hosted my humble wedding reception in her backyard with family which mattered the most. Every time I visited her, we could pick up conversations naturally where we last left off. I'm going to miss her so much.*
