Our mother was a very spirited soul, one that can never be forgotten. She managed to leave us with great memories that will help us continue in our journey without her. Memories of laughter and lessons learned. She nurtured and loved us to the best of her ability and for that we are most grateful. Some of us carry her strong will and others in our own children, some will see her by just looking in the mirror others will speak and hear her voice. Our mom lived and loved with strong passion never letting go of what was most dear to her. She always reminisced on the past reminding us of our roots which in turn created the best for our futures. We will always be reminded of her by her favorite things..... listening to Ranchera and Tejano music and eating the forbidden Tacos and Soda.

She will be dearly missed by us all.

We love you mom! We will miss you!

Til we see you again.
