

## Martin Torres

December 18, 1963 - July 5, 2022

A loving Son, Brother and Uncle, Martin Torres peacefully left this world surrounded by family on July 5, 2022. He is preceded in death by his mother Helen Torres and his brother Roland Torres. He is survived by his father Moses H. Torres, siblings Sally, Jerry (Shari), Shirley, Harry (Lorenza), and Phillip Rendon (Bridget), numerous nieces and nephews that loved him very much.

Martin was born in San Antonio, Texas, December 18th, 1963. He was a special child from Heaven created by God for his parents Moses and Helen. They didn't know at the time but soon they would come to know what a privilege it was God chose them to care for and love Martin. Martin's family never looked at what he couldn't do, instead chose to see what he could do. He could express love with his beautiful smile. He inspired the family to find strength and perseverance. To keep going day after day in both the best and hardest of times. Martin was a daily reminder of the need to be better human beings. He taught us kindness, patience and empathy.

Martin enjoyed family gatherings of all kinds. He enjoyed watching the Dallas Cowboys, San Antonio Spurs and wrestling with his father. His favorite daily TV shows were Chuck Norris as Walker Texas Ranger, The Andy Griffith Show, Gomer Pyle, Family Feud and old western movies.

Martin will be greatly missed. Our joy is the promise that we will see him one

day in his home – Heaven.

Visitation will be on Tuesday, July 19, 2022 from 5:00 to 8:00 p.m. with a Rosary to be recited at 6:00 p.m. at Mission Park Funeral Chapels South. “ *I will always cherish those memories of seeing that smile on my brother in law Martin's face when I walked up to him to say hi. Even as the years went by & my visits got less I still had that feeling that when I approached Martin that he still remembered his brother in law Jack. I know he'll still have that smile on his face when we meet in heaven & we'll not only rejoice we'll have one long waited conversation. Jack Overly*
