“ *In 1968 at age 20 my very first job was at Union State Bank. Marvin was the Vice President and a Loan Officer. He reminded me of the energizer bunny as he was non-stop listening to customers who needed a loan. People would sit and wait just to do business with only him. I don't think I ever saw him without a smile. The five years I was there seemed like a family business and the employees had strong bonds with one another. I can honestly say I had the utmost respect for Marvin and always held him dear to my heart. God bless him and all his family and friends as he rest in the arm of Jesus.*
