“ I still remember the birthday cake she made for me when I was a young girl. She put so much time into making icing flowers into a dress on my little girl cake. Grandma made me feel special when I was around her. She always wanted the best for our family. I wish I could be there but its finals week and my transmission went out. You would be proud of me Grandma, I have a year left for my Bachlors of Biology. I love you more than you will ever know.

Grandma, I pray you are at peace with God and all of our deceased family. I pray you are reunited with Grandpa and are watching over us. Amen
