“ *Tia I already miss you. You were always so good to us. Even as little kids. We loved going to the ranch. Playing in that pile of sand. I will never forget the calls we made to each other. The last call August 15th. My dad & I talked to you. One minute 15 seconds. Say hello to my mom & sister & hug them tight for me. Your family will be okay. They are strong. They will remain close Tia. I will keep up with them. Go rest now. I Love you.* ”

“ *Mother where do I start, most of all, life without you will never be the same. I’ve always remembered the love you’ve given us, the smiles, the hugs, and the small talks we had. Every Sunday’s going over to your house for breakfast as a family. Every family gathering we had just full of love and laughter, with family, your children, grandchildren, great grandchildren, and even your great great grandchildren will truly miss you. Most of all your sister Natalia will miss you. We love you and will never forget you or the memories we have had with you. Love you always*❤️

“ You are the pillar of our family, the glue that holds us all together. It hurt so much to see you go, but I know that you're no longer suffering. We weren't prepared for this, but no one ever is. Even though I didn't live here, I'll always remember the memories of visiting you and the family. I'll forever miss you making me your famous refried beans when you came to Dallas, and I would ask you for some. Your spirit was always so uplifting, and you loved your children, grandchildren, and great grandchild with your whole heart. Please watch over all of us and give us strength during this difficult time. Thank you for everything, we will miss, love, and cherish you forever.

“ Mom I love and miss you so much. I'm going to miss watching movies with you. Mom loved to watch Steven Seagall movies. She loved action and cowboy movies. That is one of our special times together just mom and I. Forever in my heart that I will always treasure. Beautiful and caring person who everybody loved. You also were so funny keeping us laughing the expressions of your face you would make. I hold you dear to my heart forever ❤️❤️

“ Wela was always cleaning and rearranging furniture because she was simply bored. The last thing I remember was me and aunt Diane cleaning her room and she told Mija "I don't have to clean no more cause your mommy did it for me, I don't have to do nothing." You taught us we'll my beautiful Wela! Your legacy will live on through us all! Rest in Paradise! Love you!! ❤️
