“ My name is Sandra Neal I was Alice niece. She was the only one in my family who talked to me. She was always there for me. She will be greatly missed. I was able to visit her in April 2025 and she told me that God was sending me to see her one last time. Had someone reach out to me I would have been there. My heart is broken

“ A Loving Memory from Her Daughter

My mom was my rock, my support, and my greatest blessing. She devoted her entire life to caring for her family and making sure we had everything we needed. She would have given her life for her children, and in so many ways, she did, through her sacrifices, her love, and her endless strength.

She taught me how to face life with courage and grace, and she passed down her wisdom and her love through everything she did, even in the way she cooked and cared for others. I still try to recreate her recipes, but nothing will ever taste quite like hers.

She was always there for me, whether it was staying up through the night helping me finish college projects or checking in on me when I moved away. She gave me everything she had, and because of her, I am who I am today.

When she left, she took a piece of my heart with her. There will always be a hole that can never be filled. I will forever be grateful for her love, her strength, and every sacrifice she made for me.
