“*Mary Lee and I worked in PACU at Touro Infirmary for some years. Very Hard Working. Her work ethics tops. Younger by 7 years, she taught me a lot, common sense wise, especially. She taught me how to speak to the OR Management, to get results done. Extremely conscientious as the Charge Nurse of Evening Shift, she taught everyone how to organize and prioritize the needs of the unit, especially since the late cases were bound to go to ICU. Everyone respected her calmness and efficiency. In between, we shared a lot of funny stories. Her friend went on the "Appalachian Trail Walk", and made it. She spoke of that friend's experience, the more the story went, the louder we laughed. That friend lost 100 lbs. Wayne, Bruce, Deadra -- she was extremely proud of all of you. Every achievement y'all went through, she was all smile, as she told your journey of achieving it. Before I left N'Awlins, I spoke to her. Without a tinge of sadness, she looked forward to everyday's activities. I will miss her, beyond her being my PACU Evening Charge Nurse, BUT as a lovely person, a VERY kind and Beautiful lady. She will always be remembered as one who taught me how to bring out the "better" me. She is beyond a friend. I look up to her as my older Sister. I will miss her, tremendously.*
