“ What can I say Grandma was the greatest/ funest Grandma there was , she was funny , kind and a super cool stoner and so on but let's save the speech for another time , oh my gosh, I can say lots , anyways , I know some people have good and some haters may have bad memories with grandma but oh well, **BYE FELICIA !** Well in my life I can remember nothing but good and loving memories with her and for that reason I am truly blessed to say that my grandma left a big impact in my life and I love it , I'm also truly blessed to have been with her for her last few months and happy to say that grandma knew I loved her , knew I was ever there for her when she needed help with something , and very happy to say I was probably the first person she'd call if she ever needed anything and I'd always be there because for grandma there's always a way and time 🙄 , and I know I said I'd save the long speech but how can we not say a lot when she left a huge impact on my life . Well until we see each other , love you Favorite grandchild , **RONNIKA** 🥹😞😞😞😞💕💕🙏😍💕💕👑100💍

“ Olivia was like a 2nd mom to me, well more like a real mom and a cool mom, one you actually wanted to be around. There were all good memories and it was the best years of my life when I met Olivia and Val and gave me a place to call home and a family when I had no one. I will always cherish the memories I have of this great woman. My Condolences to the family she left behind, but may her memories last forever.
