“ I am so sorry to learn that Dr. Krueger has left us. He was at the top of my list of "The Best." Thanks for everything, Dr. Krueger . We know for sure you "went upstairs."

“ Dr. Krueger was the long-time family physician of our parents, Marvin and Vinnie Dean. He took them on as patients when their former physician retired even though he really wasn't accepting new patients. In later years he saw them through several health problems until their deaths. I, as their daughter and caregiver, accompanied them to many, many appointments or stays in the hospitals. Dr. Krueger knew I would always have a list of questions so he would patiently answer them all. If I missed him at a hospital visit and had questions that I called to the office, he would always answer my call even if it were a few days later. He was a wonderful doctor and friend to my parents. My father was hard-headed and hated being put in the hospital, but Dr. Krueger would give him the facts straightforward and with a smile and a wink would win him over. We are blessed to have had him caring for our parents. May God rest his soul knowing he cared for so many, many patients over the years. Our deepest condolences to his wife and family and may they feel God hold them in His hands through this difficult time.
